

Essential Carpentry Skills

Credits:	42 Credits
Outcome:	A Certificate of attainment will be awarded to students who complete the Essential Carpentry Skills module
Start Date / Duration:	2 August - 11 November 2011 Tuesday, Thursday, Friday 1pm - 5pm 14 November - 16 December 2011 Monday, Tuesday, Wednesday 8am - 4pm
Work Experience:	40 hours required
End Date:	16 December 2011
Prerequisites:	Year 12 or Year 13 Secondary School Student
Pathway:	Apprenticeship / Employment

Gain a range of core practical and theoretical skills relating to the construction industry. Studies include developing an understanding of calculations, drawing, quantities, materials, methods and tools. This will prepare you to either move on to the Certificate in Carpentry Level 4 or to take on an apprenticeship completing your studies at night school.

N.B The Semester 2 intake is a one off in response to the recovery of Christchurch after the February earthquake.
